

SNOW EMERGENCY PARKING

Once a "Snow Emergency" is declared, all parking is prohibited on all major emergency thoroughfares for the duration of the emergency.

For residential parking, normal alternate side parking is allowed during declared "Snow Emergencies." The past practice of staying on the same side of the street for the duration of a declared "Snow Emergency" has been eliminated. Regular residential parking restrictions would apply for all overnight parking.

On certain streets, other than emergency thoroughfares, where one side of the entire block is permanently posted "No Parking at Anytime" year-round, parking will be allowed on the opposite side during the declared "Snow Emergency" regardless of the calendar date on which the emergency is declared.

"Snow Emergency" regulations shall supersede all other overnight parking regulations for the duration of the "Snow Emergency."

Vehicles in violation of the parking restrictions during a snow emergency will be ticketed and towed at the owner's expense. If your vehicle has been towed during a snow emergency, contact N & S Towing at 1719 South 83 Street, phone (414) 476-8697.
